

## The Potter's House Three Phase Recovery Partnership Plan

The Potter's house offers a three-phase program to connect with the needs of each individual. Through the completed application and interview process a mutual decision can conclude the appropriate phase as the entry point to align with the best help for each person's individual situations.

### **Phase One Program**

Phase one is an intensive program for overcoming addiction and other areas of life's dysfunctions. The program will:

- Provide a supervised and structured environment for life changing addiction recovery and a Christian discipleship experience.
- Inspire individuals for experiencing a life transforming relationship with Jesus Christ.
- Offer strategic counseling and a healing pathway for each person to be an overcomer of issues of the past.
- Develop new principles of decision making, prepare individuals for future employment and create skills as a leader in the home, church and community.
- Help organize a strong support system of mentors and coaches.

### **Phase Two Program**

Phase Two is a supervised residential program to:

- Provide a safe space while transitioning to mainstream.
- Provide a place to grow in discipleship and faith
- Assist in employment and other practical aspects of healthy living.
- Work at reconciliation of relationships within family etc.
- Develop financial responsibility through financial management and development of a debt reduction/savings plan.
- Provide counseling, group teaching, recovery therapy, and leadership opportunities.

## **Phase Three Program**

Phase Three provides a safe and affordable long term housing opportunity in a Christ – centered environment. The plan provides:

- Rooms to rent for a reasonable monthly fee.
- Supervised setting with weekly Bible studies
- A positive, safe environment for ongoing self-directed discipleship and growth

Students agree to fully invest in the program by following directions and applying the life principles learned on an ongoing basis. Students will maintain a positive attitude toward the staff, other students, teachers, volunteers and the program.
